Hotel Havana

Change out of your business suit and into your Caribbean wear at this Cuban-influenced abode.

CHECK IN San Antonio **AIRPORT** San Antonio International Airport (SAT)

WHY WE CHOSE IT Palm trees, plantation-style windows, and Cuban coffee served on the octagon-tiled front porch make you feel as if you've fled to Havana, even though it's on San Antonio's famous Riverwalk.

The Cuban theme continues inside with a combination of plaster and exposed-brick walls, sanded hardwood floors, Cuban music filling the halls, and staff members in authentic guayabera shirts. **BUSINESS DRAW** Besides free Wi-Fi throughout the hotel, the king and queen suites feature a cozy living room perfect for group meetings and brainstorming sessions. **DARK ROOM** Kick back on a red velvet couch while you sip a Cuba Libre in the cave-like basement bar. havanasanantonio.com
